RE: Status of Gym Operations

Dear Hawaiian Island Twisters Employees and Families,

As you are aware for the past several months, there have been plans in place for Home Depot to acquire the Ranch 99 property. In response, we have been actively searching for an alternative property to become the new home for HITS.

We have recently been notified that the project is now moving into the next stage, and the tenants of Ranch 99, including HITS, have been asked to vacate the property by the tentative date of July 15, 2022. We say “tentative” as we will continue to communicate with the developers and the landlord to try and extend the date until we are able to move into a new location. We have found a possible location and are working diligently with our representatives to finalize the closing of the lease transaction. Until then we are not at liberty to disclose this potential location. Since it is not finalized, we are again reaching out to our HITS Ohana as we’ve done previously to see if anyone has any contacts or information for potential leads that may be of interest to us for a possible gym location. Please note, we are not seeking realtor services.

We understand that you may have questions regarding future classes and dates. However at this time, we do not have any specific details and will operate normally for the near future. We will provide you with further information as it becomes available. We will continue to do our best to ensure that the transition is as smooth as possible. Mahalo for your continued support.

Sincerely,
The HITS Management
